

Designer: Alex Bushby

My inspiration was anime (cartoon) because I like the style of their clothing and how they dress.

Making the corset was easy and I had fun making it. I had trouble making the seams line up, I overcame this problem by ironing the seams and then sewing it again to make it neater. Overall I am very pleased with how it all turned out.

I think this is a very well made corset, the design is original and the cross over ribbon at the front fits well with the theme and adds interest. A very good piece of work.

This is a very interesting corset and I think the standard it is made to is really high. The flower on it is also very pretty and works well with the fabric. Alex should be very proud of it.
