

Year 7 Textiles Homework

Road Safety for Pedestrians and Cyclists.

Design a reflective product that could be worn by pedestrians or cyclists to help make them more visible to motorists when walking or cycling to or from school.

The Design Specification:

The reflective product should have the following features:

- It should be suitable for children aged 11-13
- It should be made of fluorescent or reflective fabrics.
- It should be exciting to wear.
- Any writing should be easy to read.
- It should be strong and durable.
- It should be water resistant.

Your teacher will give you a deadline of approximately 3 weeks to complete your work. You should hand your work in on an A4 sheet of paper. All drawings must be in pencil, coloured in with pencil crayon and all interesting features on your design must be labelled in pen.

Level 3	I produced drawings with some accuracy.
Level 4	I produced drawings that communicate my ideas. Some of my work is well presented.
Level 5	I produced accurate drawings that communicate my ideas. The majority of my work is well presented.
Level 6	Will be awarded for detailed research and unique ideas
