Dear Parents/Guardians,

The Army Careers Centre in York will be hosting a Junior Entry Presentation for all year 11 students who attend schools in York and the surrounding area. The presentation will be delivered to students, and their parents/guardians, who are interested in joining the Army after their GCSE studies and who are hoping to go to the Army Foundation College in Harrogate. The presentation will highlight what the Army Foundation College is and what students will be doing while they are there.

The Army Foundation College opened in August 1998 and is the only British Army establishment that delivers Junior Entry basic military training to male and female students aged between 16 and 17½. Given the age of the junior soldier and the greater time they have at the College, there is a far wider focus than simply military training and includes further education, leadership, initiative and development as well as sporting and adventure training opportunities. Whilst the junior soldier is at the College, they will be paid while they study and will move towards their second phase of training which could be one of the 50 Apprenticeships that the Army offer.

The presentation will take place in Imphal Barracks, Fulford Road, York, YO10 4HD on the 23rd January 2017 at 6:30pm, finishing at 8pm. If you would like to join us at this informative presentation, please fill in the form overleaf and return to the postal/email address at the bottom of the form as soon as possible. The cut off for applications will be the 13th January 2017. Notification of a successful application will be by email on the 17th January 2017.

At least one parent/guardian must accompany any students who attends the presentation.

We do hope that you can join us on the 23rd January 2017 and look forward to meeting you on the evening.

Yours Sincerely,

Del Jenkinson
Army Careers Adviser
