

## Information re Eclips and research websites for Millthorpe School

We would like to introduce parents to the eCLIPS careers website which we are using within school to support students with their post 16 and career choices. Students and parents will be able to access clear and accurate information at any time with our unique school log in. Students will find it beneficial to use before and after their careers interview/group session in Yr. 11, in preparation for option choice in Yr. 9, researching ideas for work experience in Yr. 10.

eCLIPS is an easy-to-use online careers resource that provides regularly updated information on over 1,000 jobs and careers. Don't worry if your young person has no career ideas yet – that is normal – they do not have to decide at sixteen, and there is plenty of other help available to students and parents on decision making. The site also offers advice on topics relating to options at key stages (including Year 9 option choice), education and training, employability skills, job seeking and lifestyle choices.

### Features

- **Trusted** – widely used by schools, colleges, universities, academies and careers professionals for over 25 years
- **Accurate** – researched and written by qualified careers authors
- **Current** – regularly updated and checked by professional bodies and employer organisations
- **Quick and easy to use** – search alphabetically, by topic or by browsing job families
- **Interactive** – the Career Wizard tool offers job suggestions based on users preferences
- **Flexible** – information can be viewed, saved, printed or emailed

*"I really found (eCLIPS) useful, I didn't know much about the different careers in law but this has made me realise what I could do in the future." - Year 10 student*
