

25 January 2021

Dear Parent/Carer

Hello, I'm Ms Garner Steel, a Pupil Premium Champion at school and I'm looking after the needs of our Pupil Premium students. It has been lovely to hear from many of you over the phone, and some in person, as we check in on all the students. I hope your families are all doing well in this unusual time away from school.

As the lockdown progresses, we are aware that students may run out of school supplies. It might be challenging to get to the shops or find affordable resources. School is offering all Pupil Premium students the necessary resources to be successful in distance learning. If your son/daughter requires items such as pens and workbooks, period products, or warm winter clothing from the Eco Laundry, we can provide them at no cost. I will be in school each Tuesday morning for the duration of the school closure, from 9.30- 11.00am, to distribute them. In the case of clothing from the Eco Laundry, I will meet you in reception to show you a selection of coats and jumpers on a rail to look at, but unfortunately students can't try things on, due to the Covid restrictions.

If you would like to collect any school supplies or warm clothes, please email me at the email address below, to let me know which things your son/daughter requires and arrange a time to call into school. Feel free to use my email address for any other questions during school closure.

I look forward to hearing from you again soon,

Yours faithfully,

Ms J Garner Steel
