

# Year 10 (2019-20) – Facial Features DETAILS

## Project Outline – Unit 4

**MUSIC** is your first DETAILS coursework theme. A final piece with presented & annotated sketchbook preparation work must be handed in for assessment by 3.10pm on Monday 30th of March (week 6). Independent work between lessons (at home and/or at Art Club) will be essential to meeting the hand in. No lesson time will be offered for the 'MUSIC' project theme. HW for MUSIC will also be set this half term!

**FACIAL FEATURES** – a structured introduction to drawing skills (different media & mark making techniques), printmaking & relevant artists. Summer Holiday Homework Tasks will provide the starting point for sketchbook development work and an A3 size facial feature themed final outcome (a personal response using media & techniques of your choice). **EASTER HOLIDAY HOMEWORK TASK** – this will be a **Personal Photographic Study** for the next stage of the DETAILS project & to prepare for your Mock GCSE Art Exam in June. You will be provided with a range of possible subjects to photograph with the option of exploring your own ideas(s).

## Lesson Outline

<b>Week 1</b>	<b>Facial Features</b> – creating a dry point plate, lino cutting & printing.	<b>Independent Study 1</b>
<b>Week 2</b>	<b>Facial Features</b> – lino cutting & printing	<b>Independent Study 2</b>
<b>Week 3</b>	<b>Facial Features</b> – clay modelled facial features (inspired by the 'Henshaw Sculpture' in Knaresborough)	
<b>Week 4</b>	<b>Facial Features</b> – clay modelled facial features (inspired by the 'Henshaw Sculpture' in Knaresborough)	<b>Independent Study 3</b>
<b>Week 5</b>	<b>Y11 EXAM WEEK</b> possible cover lessons – independent work for your personal response (final outcome) for 'Facial Details'.	
<b>Week 6</b>	<b>Introduction to Easter Holiday Homework Task</b> & completion of Facial Feature Final outcome.	<b>Independent Study 4</b>
<b>Cover?</b>	*Due to the Y11 Art Exams 24.3 & 26.3 some of your lessons will be covered. Please make sure you can continue with your Facial Features project work <b>independently</b> during these lessons. <u>PC rooms may be used for cover so plan some annotation work too.</u>
